Order refusing to file petition of appeal

(1) The finding of the Assessment Committee is final & conclusive unless an appeal is duly lodged with the Recorder.

(2) The words "and the person which formed the basis of the valuation in such petition" are omitted as unnecessary and misleading.

(3) The Assessment Committee's appeal against the valuation and proposed assessment of petitioner, for building purposes and also for Coloured persons' dwellings.

The Valuer accordingly assessed the Petitioner's land at £1 per morgen & valued the dwelling at £60 which clearly states that the Petitioner's land is not ripe for building purposes, but is corroborated by the evidence of Mr Rees respectable Farmer called by the Petitioner

(4) Inasmuch as the Petitioner himself personally refused the £1, and denied that the Petitioner was fairly assessed & valued at £1 per morgen, without giving due weight to the above reported finding of the Assessment Committee which was the basis of valuation in the Petitioner's petition of appeal (after due (2) consideration) and confirmed the sale

5. The Petitioner's Petition & Affidavit does not specify - Nor was it drawn up in proper form - It was not drawn up by a Notary Public or Commissioner, nor was it sworn to before a Justice of the Peace, nor was it drawn up by

her absence.

ABSTRACT.

Appeals against the D/Comm's order no 1830) 10-2-97 dated as follows:—

The Sandilan decided on 29-10-96 that the two lots which are in subject-matter of Akkamma's suit are Govt lots. Sale of this was declared for on 18-12-96 by Thambaiyarajah Mudaliyar auctioneer who knocked down to him in the auction sale which he purchased the land that for Rs 29/- Thereafter Akkamma appealed on 16-5-96 stating that the site was hers without prejudice to her claim to the site when the Sandilan decided that it was a Govt site, Akkamma kept quiet and then appealed to Govt which appeal being rejected & the site became auction, hence cannot be accepted. The time is expired. The hearing in which the site was knocked down to Thambaiyarajah Mudaliyar is imprimatur. Further proceedings may become through. Our Sub-Office is sent herewith a copy of which shall be pre-served and the original sent to the D/Comm on 10-2-97

Pet's appeal against this order envisages that

(1) The statement of the Lower Court that the appeal is not frivolous is groundless and is not to record.

(2) The grounds alleged by the Lot Amildar for deciding that the site in question are evidences are false & are not to record.

(3) Ram formerly the Petr appealed to the Lower Court against the Amildar's decision, the appeal was admitted by the Lower Court & recorded the evidence of the witnesses and records & orders that a plan of the site should be prepared & the boundaries inspected thereof - In obedience to this order the Amildar inspected the spot and submitted a map. This says beyond all doubt that the site in question is the property of the Petr, and also when the Amildar visited them, discovered (that that the site is the Petrs) which conclusion proved by the evidence given by boundary and all witnesses.

(4) Besides, the Lower Amildar has inspected thereon and made a report to the effect that this was formerly a building and constructed building on the site (which now in ruins) which is ascertained by the 4 walls standing even now on the land and that therefore the site must have been a building one. Though this report is not a conclusive proof of the site being a building one, the Lower Court has decided that the site without bringing any attention to the report of the Amildar on the condition of the spot in question.

(5) ~~Nothing in the effect that~~ The map was not signed and was not drawn up in proper form was not drawn up by the Amildar and enquired villages, the same was done in the absence of the Petr.

(6) The Ambassador and the Rabbi have said if there is a fee, entitled this Court to have such fees but here no such fees were ever taken.

(7) The Court will consider how the lands should be dealt with as the site of the
